

Wall-hung WC washdown

Back to wall
Cistern type: Concealed
Flushing system: Washdown
Installation type: Wall-hung
Outlet type: Horizontal
Rim type: Open
Shape: Round

A glimpse of traditional wall-hung WCs, this one from Lyra plus series remains synonymous to harmonic shapes and classic lines. It requires a sufficiently strong load-bearing wall and can't be connected to a vertical outlet. Among its advantages, the spotlight goes to the easy cleaning of its surroundings. 5-year warranty provided. The seat and cover must be ordered separately. Antibak prevents trapped dirt by having the inner ring and drains glazed.

Colours and options

☐ H8233800000001 White
